

WEBSITE REDESIGN PROPOSAL

Tholmann DMCC

Prepared by Trackon Software FZCO · July 2026 · For the attention of Mr. H. Ozgur Erdogan

CURRENT STATE: THOLMANN.COM

Your site describes the business, but it doesn't sell it

WHAT WORKS

- ✔ Clear service story (ocean, air, inland, project cargo)
- ✔ Industry-based page structure in place
- ✔ Clean, uncluttered overall look

WHAT HOLDS IT BACK

- ✘ Generic Wix template, not built around your brand
- ✘ No contact or quote form, so enquiries walk away
- ✘ Social media icons are non-functional placeholders
- ⚠ Single language and weak SEO make it hard to find on Google

CURRENT VS. NEW
